

A0001, Facility Energy Auditor

I²T, LLC is an Engineering Services and management consulting organization headquartered in Huntsville AL. We provide a broad range of facility related services, with core knowledge and performance delivery capability in Energy Optimization, Cost Reduction, Building System Optimization, Alternative Energy Solutions, and Project Management.

ESSENTIAL JOB FUNCTIONS, DUTIES AND RESPONSIBILITIES

The following statements are intended to describe the general nature and level of work being performed by individuals assigned to this position. They are not intended to be an exhaustive list of all duties, responsibilities and skills required.

JOB DESCRIPTION

Energy Auditor will engage in a variety of non-residential energy efficiency, renewable energy, and sustainability consulting, including:

- Perform ASHRAE level 1,2 and 3 energy audits – including site inspections and desktop data analysis.
- Develop cost estimates and written descriptions of energy conservation measures.
- Develop energy models for commercial buildings.
- Develop and present ROI analysis.
- Facilitate competitive bids to products, services, and financing providers.
- Conduct solar PV and solar thermal site selection and evaluation.

INDUSTRY & FUNCTIONAL EXPERIENCE

Candidates should have at least **3-5 years of experience** in the following areas:

- Energy management, building systems and controls, and energy modeling for non-residential real estate.
- Property management and facilities management operations.
- Energy and sustainability consulting.
- Technical system operations and maintenance.

People, Leadership and Organization Objectives

- To deliver personal and team performance objectives.
- To identify and undertake personal development plan.
- To enhance team performance and communication.
- To apply appropriate behaviors and actions that reflects the Vision and Values of I²T:
 - *Total transparency on all commercial matters, with an open book policy, ensuring excellent communication, accurate reporting and cost control for our clients
 - *Comprehensive and objective evaluation of services and products that create a best fit and best value solution for our clients
 - *Alignment on expected performance objectives, e.g. cost, ROI, speed, quality, safety, minimization of site disruption, etc.
 - *Pursue opportunities only when we are certain that we will add significant value to our clients

-I²T, LLC is an Equal Opportunity Employer.
